8 amended to read:

9 79-1028 (1) A Class II, III, IV, V, or VI school
10 district may exceed its applicable allowable growth rate for (a)
11 expenditures in support of a service which is the subject of
12 an agreement or a modification of an existing agreement whether
13 operated by one of the parties to the agreement or an independent
14 joint entity or joint public agency, (b) expenditures to pay for
15 repairs to infrastructure damaged by a natural disaster which is

22 expenditures to pay for sums agreed to be paid by a school district
23 to certificated employees in exchange for a voluntary termination
24 of employment, or (e) expenditures to pay for lease-purchase

3 (2) A Class II, III, IV, V, or VI district may exceed its
4 applicable allowable growth rate by a specific dollar amount if the
5 district projects an increase in formula students in the district
6 over the current school year greater than twenty-five students
7 or greater than those listed in the schedule provided in this
8 subsection, whichever is less. Districts shall project increases
9 in formula students on forms prescribed by the department. The
10 department shall approve, deny, or modify the projected increases.

11	Average daily	Projected increase
12	membership of	of formula students
13	district	by percentage
14	0 - 50	10
15	50.01 - 250	5
16	250.01 - 1,000	3
17	1,000.01 and over	1

18 The department shall compute the district's estimated
19 allowable budget per pupil using the budgeted general fund
20 expenditures found on the budget statement for the current school
21 year divided by the number of formula students in the current
22 school year and multiplied by the district's applicable allowable
23 growth rate. The resulting allowable budget per pupil shall be
24 multiplied by the projected formula students to arrive at the
25 estimated budget needs for the ensuing year. The department

1 shall allow the district to increase its general fund budget
2 of expenditures for the ensuing school year by the amount
3 necessary to fund the estimated budget needs of the district
4 as computed pursuant to this subsection. On or before July
5 1, the department shall make available to districts which have
6 been allowed additional growth pursuant to this subsection the
7 necessary document to recalculate the actual formula students of
8 such district. Such document shall be filed with the department
9 under subsection (1) of section 79-1024.

10 (3) A Class II, III, IV, V, or VI district may exceed
11 its applicable allowable growth rate by a specific dollar amount
12 if construction, expansion, or alteration of district buildings
13 will cause an increase in building operation and maintenance
14 costs of at least five percent. The department shall document
15 the projected increase in building operation and maintenance costs
16 and may allow a Class II, III, IV, V, or VI district to exceed
17 its applicable allowable growth rate by the amount necessary to
18 fund such increased costs. The department shall compute the actual
19 increased costs for the school year and shall notify the district
20 on or before July 1 of the recovery of the additional growth
21 pursuant to this subsection.

22 (4) A Class II, III, IV, V, or VI district may exceed its
23 applicable allowable growth rate by a specific dollar amount if the
24 district demonstrates to the satisfaction of the department that
25 it will exceed its applicable allowable growth rate as a result

1 of costs pursuant to the Retirement Incentive Plan authorized
2 in section 79-855 or the Staff Development Assistance authorized
3 in section 79-856. The department shall compute the amount by
4 which the increased cost of such program or programs exceeds the
5 district's applicable allowable growth rate and shall allow the
6 district to increase its general fund expenditures by such amount
7 for that fiscal year.

8 (5) A Class II, III, IV, or V district may exceed its
9 applicable allowable growth rate by the specific dollar amount of
10 incentive payments or base fiscal year incentive payments to be
11 received in such school fiscal year pursuant to section 79-1011.

12 (6) A Class II, III, IV, V, or VI district may exceed
13 its applicable allowable growth rate by a specific dollar amount
14 in any year for which the state aid calculation for the local
15 system includes students in the qualified early childhood education
16 fall membership of the district for the first time or for a year
17 in which an early childhood education program of the district is
18 receiving an expansion grant. The department shall compute the
19 amount by which the district may exceed the district's applicable
20 allowable growth rate by multiplying the cost grouping cost
21 per student for the applicable cost grouping by the district's
22 adjusted formula students attributed to early childhood education
23 programs if students are included in the district's qualified
24 early childhood education fall membership for the first time or by
25 the district's adjusted formula students attributed to such early

1 childhood education programs minus the district's adjusted formula
2 students attributed to such early childhood education programs for
3 the prior school fiscal year if a program is receiving an expansion
4 grant in the school fiscal year for which the fall membership is
5 measured. The department shall allow the district to increase its
6 general fund expenditures by such amount for such school fiscal
7 year.

8 (7) For school fiscal year 2005-06, a Class II, III, IV,
9 V, or VI district may exceed its applicable allowable growth rate
10 by a specific dollar amount not to exceed seventy-four hundredths
11 percent of the amount budgeted for employee salaries for such
12 school fiscal year. For school fiscal year 2006-07, a Class II,
13 III, IV, V, or VI district may exceed its applicable allowable
14 growth rate by a specific dollar amount not to exceed fifty-nine
15 hundredths percent of the amount budgeted for employee salaries for
16 such school fiscal year.

17 (8) A Class II, III, IV, or V district that is a
18 member of a learning community may exceed its applicable allowable
19 growth rate for the first school fiscal year in which the school
20 district will be a member of a learning community for the full
21 school fiscal year by an amount equal to anticipated increases in
22 transportation expenditures necessary to meet the requirements of
23 subsection (2) of section 79-611 as approved by the department. The
24 department shall approve, deny, or modify the amount allowed
25 for anticipated increases in transportation expenditures. The

1 department shall compute the actual increase in transportation
2 expenditures necessary to meet the requirements of subsection (2)
3 of section 79-611 for such school fiscal year and shall, if needed,
4 modify the district's applicable allowable growth rate for the
5 ensuing school fiscal year.

6 (9) For school fiscal year 2008-09, a Class II, III,
7 IV, or V district may exceed its applicable allowable growth
8 rate by a specific dollar amount if the sum of the poverty
9 allowance, elementary class size allowance, focus school and
10 program allowance, and limited English proficiency allowance for
11 the school district for school fiscal year 2008-09 exceeds the
12 poverty weightings plus limited English proficiency weightings
13 multiplied by the cost grouping cost per student for the school
14 district for school fiscal year 2007-08. The department shall
15 compute the amount by which the district may exceed the applicable
16 allowable growth rate by subtracting the product of the sum of
17 the poverty weightings and limited English proficiency weightings
18 for school fiscal year 2007-08 multiplied by the average formula
19 cost per student in the school district's cost grouping for school
20 fiscal year 2007-08 from the sum of the school fiscal year 2008-09
21 poverty allowance, elementary class size allowance, focus school
22 and program allowance, and limited English proficiency allowance
23 for the school district. The department shall allow the district to
24 increase its general fund expenditures by such amount for school
25 fiscal year 2008-09.

1 (10) For school fiscal year 2009-10 and each school
2 fiscal year thereafter, a Class II, III, IV, or V district may
3 exceed its applicable allowable growth rate by a specific dollar
4 amount if the sum of the poverty allowance, elementary class size
5 allowance, focus school and program allowance, and limited English
6 proficiency allowance for the school district has grown at a rate
7 higher than the applicable allowable growth rate of the district.
8 The department shall compute the amount by which the district
9 may exceed the applicable allowable growth rate by subtracting
10 the product of the sum of the poverty allowance, elementary class
11 size allowance, focus school and program allowance, and limited
12 English proficiency allowance for the immediately preceding school
13 fiscal year multiplied by the sum of one plus the applicable
14 allowable growth rate to be exceeded from the sum of the poverty
15 allowance, elementary class size allowance, focus school and
16 program allowance, and limited English proficiency allowance for
17 the district for the school fiscal year for which the applicable
18 allowable growth rate would be exceeded. The department shall allow
19 the district to increase its general fund expenditures by such
20 amount for the applicable school fiscal year.

21 (11) A Class II, III, IV, or V school district may exceed
22 its applicable allowable growth rate by a specific dollar amount
23 not to exceed the amount received during such school fiscal year
24 from educational entities as defined in section ~~79-1332~~ 79-1201.01
25 for providing distance education courses through the Distance

1 Education Council until July 1, 2008, and the Educational Service
2 Unit Coordinating Council on and after July 1, 2008, to such
3 educational entities.

4 (12) A Class II, III, IV, or V school district may exceed
5 its applicable allowable growth rate for school fiscal year 2007-08
6 by a specific dollar amount equal to the amount paid in school
7 fiscal year 2006-07 to any distance education consortium in which
8 the school district was participating pursuant to an interlocal
9 agreement.

10 Sec. 7. Section 79-1103, Revised Statutes Cumulative
11 Supplement, 2006, is amended to read:

12 79-1103 (1)(a) The State Department of Education shall
13 establish and administer the Early Childhood Education Grant
14 Program. Upon the effective date of an endowment agreement,
15 administration of the Early Childhood Education Grant Program
16 with respect to programs for children from birth to age three
17 shall transfer to the board of trustees. If there is no endowment
18 agreement in effect, the department shall request proposals in
19 accordance with this section for all early childhood education
20 programs from school districts, individually or in cooperation
21 with other school districts or educational service units, working
22 in cooperation with existing nonpublic programs which meet the
23 requirements of subsection (2) of section 79-1104. If there is
24 an endowment agreement in effect, the board of trustees shall
25 administer the Early Childhood Education Grant Program with respect

1 to programs for children from birth to age three pursuant to
2 section 79-1104.02 and the department shall continue to administer
3 the Early Childhood Education Grant Program with respect to
4 other prekindergarten programs pursuant to sections 79-1101 to
5 79-1104.05. All administrative procedures of the board of trustees,
6 including, but not limited to, rules, grant applications, and
7 funding mechanisms, shall harmonize with those established by the
8 department for other prekindergarten programs.

9 (b) The first priority shall be for (i) continuation
10 grants for programs that received grants in the prior school fiscal
11 year and for which the state aid calculation pursuant to the Tax
12 Equity and Educational Opportunities Support Act does not include
13 early childhood education students, in an amount equal to the
14 amount of such grant, except that if the grant was a first-year
15 grant the amount shall be reduced by thirty-three percent, and
16 (ii) continuation grants for programs for which the state aid
17 calculation pursuant to the act includes early childhood education
18 students, in an amount equal to the amount of the grant for the
19 school fiscal year prior to the first school fiscal year for
20 which early childhood education students were included in the state
21 aid calculation for the school district's local system minus the
22 calculated state aid amount, and (iii) for school fiscal year
23 2007-08, continuation grants for programs for which the state aid
24 calculation pursuant to the act includes early childhood education
25 students, but such state aid calculation does not result in the

1 school district receiving any equalization aid, in an amount equal
2 to the amount of the grant received in school fiscal year 2006-07.

3 The calculated state aid amount shall be calculated by multiplying
4 the cost grouping cost per student for the school district's local
5 system cost grouping by the adjusted formula students attributed to
6 the early childhood education programs pursuant to the Tax Equity
7 and Educational Opportunities Support Act.

8 (c) The second priority shall be for new grants and
9 expansion grants for programs that will serve at-risk children who
10 will be eligible to attend kindergarten the following school year.
11 New grants may be given for up to three years in an amount up to
12 one-half of the total budget of the program per year. Expansion
13 grants may be given for one year in an amount up to one-half
14 of the budget for expanding the capacity of the program to serve
15 additional children.

16 (d) The third priority shall be for new grants, expansion
17 grants, and continuation grants for programs serving children
18 younger than those who will be eligible to attend kindergarten
19 the following school year. New grants may be given for up to
20 three years in an amount up to one-half the total budget of the
21 program per year. Expansion grants may be given for one year in
22 an amount up to one-half the budget for expanding the capacity of
23 the program to serve additional children. Continuation grants under
24 this priority may be given annually in an amount up to one-half the
25 total budget of the program per year minus any continuation grants

1 received under the first priority.

2 (e) Programs serving children who will be eligible to

8 and the course was a two-way interactive video distance education
9 course;

10 (b) The difference of the amount available for

2 requirements of this section, the department shall pay the district
3 from the Education Innovation Fund as soon as practical in an

5 have qualified based on the incentive per distance education unit
6 used in the original certification of incentives pursuant to this
