Article 1.4.

Establishment of Virtual School Programs.

§ 22.1-212.23. Definitions.

As used in this article:

"Multi-division online provider" means (i) a private or nonprofit organization that enters into a contract with a local school board to provide online courses or programs through that school board to students who reside in Virginia both within and outside the geographical boundaries of that school division; (ii) a private or nonprofit organization that enters into contracts with multiple local school boards to provide online courses or programs to students in grades K through 12 through those school boards; or (iii) a local school board that provides online courses or programs to students who reside in Virginia but outside the geographical boundaries of that school division. However, "multi-division online provider" shall not include (a) a local school board's online learning program in which fewer than 10 percent of the students enrolled reside outside the geographical boundaries of that school division; (b) multiple local school boards that establish joint online courses or programs in which fewer than 10 percent of the students enrolled reside outside the geographical boundaries of those school divisions; (c) local school boards that provide online learning courses or programs for their students through an arrangement with a public or private institution of higher education; and (d) local school boards providing online courses or programs through a private or nonprofit organization that has been approved as a multi-division online provider.

"Online course" means a course or grade-level subject instruction that (i) is delivered by a multi-division online provider primarily electronically using the Internet or other computer-based methods and (ii) is taught by a teacher primarily from a remote location, with student access to the teacher given synchronously, asynchronously, or both.

"Virtual school program" means a series of online courses with instructional content that (i) is delivered by a multi-division online provider primarily electronically using the Internet or other computer-based methods; (ii) is taught by a teacher primarily from a remote location, with student access to the teacher given synchronously, asynchronously, or both; (iii) is delivered as a part-time or full-time program; and (iv) has an online component with online lessons and tools for student and data management.

An online course or virtual school program may be delivered to students at school as part of the regularly scheduled school day.

§ 22.1-212.24. Approval of multi-division online providers; contracts with local school boards.

A. The Superintendent of Public Instruction shall develop, and the Board of Education shall approve, (i) the criteria and application process for approving multi-division online providers; (ii) a process for monitoring approved multi-division online providers; (iii) a process for revocation of a previously approved multi-division online provider; and (iv) an appeals process for a multi-division online provider whose approval was revoked or whose application was denied. The process developed under this subsection shall require approvals and revocations to be determined by the Superintendent of Public Instruction, and either the denial of an application or revocation of approval may be appealed to the Board of Education for review. The approval of a multi-division online provider under this section shall be effective until the approval is revoked, for cause, pursuant to the terms of this section. Any notice of revocation of approval of a multi-division online provider or rejection of an application by a multi-division online provider shall state the grounds for such action with reasonable specificity and give reasonable notice to the multi-division online provider to appeal. These criteria and processes shall be adopted by January 31, 2011.

118 divisionwide ratios of students in average daily membership to full-time equivalent teaching positions,  
 119 excluding special education teachers, principals, assistant principals, counselors, and librarians, that are  
 120 not greater than the following ratios: (i) 24 to one in kindergarten with no class being larger than 29  
 121 students; if the average daily membership in any kindergarten class exceeds 24 pupils, a full-time  
 122 teacher's aide shall be assigned to the class; (ii) 24 to one in grades one, two, and three with no class  
 123 being larger than 30 students; (iii) 25 to one in grades four through six with no class being larger than

125 Within its regulations governing special education programs, the Board shall seek to set pupil/teacher  
 126 ratios for pupils with mental retardation that do not exceed the pupil/teacher ratios for self-contained  
 127 classes for pupils with specific learning disabilities.

128 Further, school boards shall assign instructional personnel in a manner that produces schoolwide  
 129 ratios of students in average daily memberships to full-time equivalent teaching positions of 21 to one in  
 130 middle schools and high schools. School divisions shall provide all middle and high school teachers with  
 131 one planning period per day or the equivalent, unencumbered of any teaching or supervisory duties.

132 D. Each local school board shall employ with state and local basic, special education, gifted, and  
 133 career and technical education funds a minimum number of licensed, full-time equivalent instructional  
 134 personnel for each 1,000 students in average daily membership (ADM) as set forth in the appropriation  
 135 act. Calculations of kindergarten positions shall be based on full-day kindergarten programs. Beginning  
 136 with the March 31 report of average daily membership, those school divisions offering half-day  
 137 kindergarten with pupil/teacher ratios that exceed 30 to one shall adjust their average daily membership  
 138 for kindergarten to reflect 85 percent of the total kindergarten average daily memberships, as provided in  
 139 the appropriation act.

140 E. In addition to the positions supported by basic aid and in support of regular school year programs  
 141 of prevention, intervention, and remediation, state funding, pursuant to the appropriation act, shall be  
 142 provided to fund certain full-time equivalent instructional positions for each 1,000 students in grades K  
 143 through 12 who are identified as needing prevention, intervention, and remediation services. State  
 144 funding for prevention, intervention, and remediation programs provided pursuant to this subsection and  
 145 the appropriation act may be used to support programs for educationally at-risk students as identified by  
 146 the local school boards.

147 F. In addition to the positions supported by basic aid and those in support of regular school year  
 148 programs of prevention, intervention, and remediation, state funding, pursuant to the appropriation act,  
 149 shall be provided to support 17 full-time equivalent instructional positions for each 1,000 students  
 150 identified as having limited English proficiency.

151 G. In addition to the full-time equivalent positions required elsewhere in this section, each local  
 152 school board shall employ the following reading specialists in elementary schools, one full-time in each  
 153 elementary school at the discretion of the local school board.

154 H. Each local school board shall employ, at a minimum, the following full-time equivalent positions  
 155 for any school that reports fall membership, according to the type of school and student enrollment:

156 1. Principals in elementary schools, one half-time to 299 students, one full-time at 300 students;  
 157 principals in middle schools, one full-time, to be employed on a 12-month basis; principals in high  
 158 schools, one full-time, to be employed on a 12-month basis;

159 2. Assistant principals in elementary schools, one half-time at 600 students, one full-time at 900  
 160 students; assistant principals in middle schools, one full-time for each 600 students; assistant principals

162 3. Librarians in elementary schools, one part-time to 299 students, one full-time at 300 students;  
 163 librarians in middle schools, one-half time to 299 students, one full-time at 300 students, two full-time  
 164 at 1,000 students; librarians in high schools, one half-time to 299 students, one full-time at 300 students,  
 165 two full-time at 1,000 students;

166 4. Guidance counselors in elementary schools, one hour per day per 100 students, one full-time at  
 167 500 students, one hour per day additional time per 100 students or major fraction thereof; guidance  
 168 counselors in middle schools, one period per 80 students, one full-time at 400 students, one additional  
 169 period per 80 students or major fraction thereof; guidance counselors in high schools, one period per 70  
 170 students, one full-time at 350 students, one additional period per 70 students or major fraction thereof;  
 171 and

172 5. Clerical personnel in elementary schools, part-time to 299 students, one full-time at 300 students;  
 173 clerical personnel in middle schools, one full-time and one additional full-time for each 600 students  
 174 beyond 200 students and one full-time for the library at 750 students; clerical personnel in high schools,  
 175 one full-time and one additional full-time for each 600 students beyond 200 students and one full-time  
 176 for the library at 750 students.

177 I. Local school boards shall employ five full-time equivalent positions per 1,000 students in grades  
 178 kindergarten through five to serve as elementary resource teachers in art, music, and physical education.

179 J. Local school boards shall employ two full-time equivalent positions per 1,000 students in grades  
180 kindergarten through 12, one to provide technology support and one to serve as an instructional  
181 technology resource teacher.

182 K. Local school boards may employ additional positions that exceed these minimal staffing  
183 requirements. These additional positions may include, but are not limited to, those funded through the  
184 state's incentive and categorical programs as set forth in the appropriation act.

185 L. A combined school, such as kindergarten through 12, shall meet at all grade levels the staffing  
186 requirements for the highest grade level in that school; this requirement shall apply to all staff, except  
187 for guidance counselors, and shall be based on the school's total enrollment; guidance counselor staff  
188 requirements shall, however, be based on the enrollment at the various school organization levels, i.e.,  
189 elementary, middle, or high school. The Board of Education may grant waivers from these staffing  
190 levels upon request from local school boards seeking to implement experimental or innovative programs  
191 that are not consistent with these staffing levels.

192 M. School boards shall, however, annually, on or before January 1, report to the public the actual  
193 pupil/teacher ratios in elementary school classrooms by school for the current school year. Such actual  
194 ratios shall include only the teachers who teach the grade and class on a full-time basis and shall  
195 exclude resource personnel. School boards shall report pupil/teacher ratios that include resource teachers  
196 in the same annual report. Any classes funded through the voluntary kindergarten through third grade  
197 class size reduction program shall be identified as such classes. Any classes having waivers to exceed  
198 the requirements of this subsection shall also be identified. Schools shall be identified; however, the data  
199 shall be compiled in a manner to ensure the confidentiality of all teacher and pupil identities.

200 N. Students enrolled in a public school on a less than full-time basis shall be counted in ADM in the  
201 relevant school division. Students who are either (i) enrolled in a nonpublic school or (ii) receiving  
202 home instruction pursuant to § 22.1-254.1, and who are enrolled in public school on a less than full-time  
203 basis in any mathematics, science, English, history, social science, career and technical education, fine  
204 arts, foreign language, or health education or physical education course shall be counted in the ADM in  
205 the relevant school division on a pro rata basis as provided in the appropriation act. Each such course  
206 enrollment by such students shall be counted as 0.25 in the ADM; however, no such nonpublic or home  
207 school student shall be counted as more than one-half a student for purposes of such pro rata  
208 calculation. Such calculation shall not include enrollments of such students in any other public school  
209 courses.

210 O. Each local school board shall provide those support services that are necessary for the efficient  
211 and cost-effective operation and maintenance of its public schools.

212 For the purposes of this title, unless the context otherwise requires, "support services" shall include  
213 services provided by the school board members; the superintendent; assistant superintendents; student  
214 services (including guidance counselors, social workers, and homebound, improvement, principal's office,  
215 and library-media positions); attendance and health positions; administrative, technical, and clerical  
216 positions; operation and maintenance positions; educational technology positions; school nurses; and  
217 pupil transportation positions.

218 Pursuant to the appropriation act, support services shall be funded from basic school aid on the basis  
219 of prevailing statewide costs.

220 *P. Notwithstanding the provisions of this section, when determining the assignment of instructional*  
221 *and other licensed personnel in subsections C through J, a local school board shall not be required to*  
222 *include full-time students of approved virtual school programs.*

223 **2. That any multi-division online provider operating prior to the enactment of this act and prior**  
224 **to the development and enactment of the approval criteria pursuant to subsection A of**  
225 **§ 22.1-212.24 of the Code of Virginia and meeting the requirements of subsection B of**  
226 **§ 22.1-212.24 shall be permitted to continue operating until enactment of the approval criteria**  
227 **pursuant to § 22.1-212.24. Following such enactment, any operating multi-division online provider**  
228 **shall be required to submit an application for approval and shall be permitted to continue**  
229 **operating until a decision is rendered under the criteria enacted pursuant to § 22.1-212.24.**
